Celia Solis

AUG 1, 2010 - AUG 27, 2010

Gaby is finding a dress for Juanita to wear to a party. As Gaby is shopping, the assistant spitefully tells her that Juanita is obese. Later at the party Gaby sees that Juanita is eating a large piece of cake, Gaby tells her that she shouldn't have taken so much and could have had a second helping, with Juanita retorting that, this was her second helping. Obviously concerned about her weight problem, Gaby tricks Juanita into running after her car as they go home, which upsets both Juanita and Carlos. Juanita also is badly behaved and a bully. It is discovered that she was bullying M.J. and this caused Gaby and Susan to both fight over this, after trading insults about each others children, though they make up afterwards.

Juanita often feels upset that her mother is beautiful, and is teased at school about it, saying she is probably adopted. This causes Juanita to use her mother's makeup in an attempt to look beautiful, trying to recreate her mother's image on a magazine, but the school sends her home due to this, and she reveals why she wore makeup to her parents.

Later in the season when Carlos regains his sight and manages to provide for the family again, she demands a canopy bed and Gaby refuses. Gaby finds out that Juanita has been boasting that they are rich again and Gaby takes her to the local soup kitchen to teach her some gratitude for what she has.
